**DETAILED ACTION**

***Claim Rejections - 35 USC § 112***

1. Claims 42-49 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 42 is confusing. The claim recites a plurality of means but the relationship between the means is unclear. For instance, there is no relationship between the means for storing the plurality of data structures and the other means recited in the claims.

In addition, the claims recites a means to shift the result by a shift value, it is not clear what result the claim is referring to; the claim also recites a means to address a data structure, it seems to relate to the data structure previously recited in line 2.

In claim 47 line 2, the term the associated data structure lacks antecedent basis; in addition, the term the "value" in line 3, is confusing; it seems to relate to the value recited in claim 47, line 2 or any "value" recited in claim 42.

Because the claims are replete with the words "value" it is suggested that the correct epithet must accompany the word "value" to avoid any confusion.

***Allowable Subject Matter***

2. Claims 1-5, 7-22, 14-23, 25, 26, 28-39 are allowed.

3. Claims 42-49 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
